DIETARY REQUEST STOCK CHECK

If you have specific items of food & drink that you would like to already be stocked in the villa, please let us know by emailing us at prenota@miluluxuryvilla.com at least 7 days before (things on the Amalfi Coast are not readily available and may well have to be ordered from another part of Italy). Likewise if you have any dietary requirements, please advise us before your stay so we can source the necessary products for you.

PRIVATE CHEF

Although Praiano and Positano have ample high quality restaurants, there really is nothing quite like having your own private chef cook you an authentic, sumptuous dinner, with a menu designed to your exacting standards. Or perhaps you have some guests that you'd like to invite for lunch... why slave over a hot stove when you can have someone take all the stress out of cooking an exquisite meal... you are on vacation after all!

BARTENDER / WINE TASTING

Sipping a handcrafted cocktail, enhanced by the local produce, whilst watching the twinkling twilight nights of Positano, waking up for the life of the night truly is the perfect start to any evening. We have an excellent Bartender who can create those perfect pre-dinner drinks, guaranteed to set the tranquil tone for the most beautiful "Buona Sera". Or perhaps a Wine Tasting experience would be more fitting? Our Sommelier will select a collection of superior wines, sourced both locally and from other Italian classics such as Chianti, Piedimonte, Barolo, Montepulciano to name but a few.

PERSONAL TRAINER / YOGA

If maintaining your physical health is an essential part of your lifestyle, we understand that booking a PT or Yoga instructor is a great way to maintain your motivation and to indulge into "la dolce vita" without compromising your daily routine.

Let us know the details of your current workout plan or which type of Yoga you prefer and we'll assign you to the right person.

Stress can deeply impact one's energy and vitality.

Our practitioner will guide you through a powerful visualization meditation using crystals to intensify the cleansing, opening and healing of your body's main 7 energy centers or chakras.

WINE TASTING & VINEYARD TOUR

The wines of the Amalfi Coast are unique due to the balance of "Monte & Mare" and the micro-climate. There are several vineyards and tours in the region, some with lunch included. Let us know what experience you are looking for and we'll arrange everything for you.

COOKING CLASSES

With so many options available it can be difficult for our guests to decipher which option is best for them. We can arrange a private chef to come to villa and demonstrate to you how to create traditional local delicacies... or you can venture out and cook with a bonafide Italian "Mamma" and sample rustic dishes that only "Mamma can make". Or perhaps you would like to accompany a local purchasing the produce and see how it transforms from "Nature To Plate." Whatever your preference, we can organise for you.

FOOD / GASTRO TOURS

The cuisine of the Amalfi Coast is in essence simple, but the extraordinary taste sensations can only be achieved with high quality local produce. See how Mozzarella is made, pick the lemons fresh of the vine, learn the secrets of perfect pizza dough. . Of go on a cultural, historic journey of the cuisine with a bespoke tour, or simply just dine at the most incredible restaurants and dine with a local who can talk to the chef, eat delights that are not on the menu and what has been pulled fresh off the boats.

External Services

CHAUFFEUR / AIRPORT TRANSFERS

We strongly advise our guests to book an airport transfer in order to avoid overpriced and untrusted taxi drivers from the airport.

Our registered transfer providers are professional, reliable and drive safely and responsibly.

We also can provide chauffeur driven vehicles to any part of the region, should you wish to venture outside the Amalfi Coast.

WATER TAXI

In there is one negative thing about the coast it is the traffic.

CHAUFFEUR / AIRPORT TRANSFERS

There is so many places to see and things to do along the Coast that it can be overwhelming to know where to start.

SHOPPING TRIPS & CULTURAL VISITS

Shopping with a local is an experience that money just cannot buy! Avoid the tacky tourist traps and purchase high quality products that never go out of style and will last a lifetime.

The Amalfi Coast is enriched in history & culture. Discover what other magnificent sites are deep in heritage... Pompeii is only the tip of the iceberg!

HIKING

The Amalfi Coast is a divine combination of "Monte & Mare" (Land & Sea). Go beyond "The Path of The Gods" and invest in a private Hiking tour, taking in vistas that will take your breath away.

From Praiano to Agerola. From St. Agata to Sorrento. From Tramonti to Maiori, the clean fresh mountain air will clear away the cobwebs whilst you literally walk amongst the clouds!
